FIRST QUARTER FINANCIAL REPORT

FISCAL 2023

NARRATIVE DISCUSSION

BASIS OF PRESENTATION

The Royal Canadian Mint (the “Mint”) prepared this report as required by section 131.1 of the *Financial Administration Act*[1] using the standard issued by the Treasury Board of Canada Secretariat. This narrative should be read in conjunction with the unaudited condensed consolidated financial statements.

The Mint prepared these unaudited condensed consolidated financial statements for the 13 weeks ended April 1, 2023 and April 2, 2022 in compliance with International Financial Reporting Standards (IFRS). Although the Mint’s year end of December 31 matches the calendar year end, the Mint’s quarter end dates do not necessarily coincide with calendar year quarters; instead, each of the Mint’s quarters contains 13 weeks. In 2023, the first 13 weeks included 91 days compared to 92 days in the first 13 weeks of 2022. Financial results reported in this narrative are presented in Canadian dollars and rounded to the nearest million, unless otherwise noted. The information in this narrative is current to May 18, 2023, unless otherwise noted.

MATERIALITY

In assessing what information to provide in this narrative, management applies the materiality principle as guidance for disclosure. Management considers information material if its omission or misstatement could reasonably be expected to influence decisions that the primary users make based on the financial information included in this narrative.

FORWARD LOOKING STATEMENTS

Readers are advised to refer to the cautionary language included at the end of this narrative when reading any forward-looking statements.

[1] Financial Administration Act, R.S.C., 1985, c. F-11

NON-GAAP FINANCIAL MEASURES

This narrative includes non-GAAP financial measures which are clearly denoted where presented. Non-GAAP financial measures are not standardized under IFRS and might not be comparable to similar financial measures disclosed by other corporations reporting under IFRS.

OVERVIEW OF THE CORE MANDATE AND THE BUSINESS

The Royal Canadian Mint is a Crown corporation owned solely by the Government of Canada. It is required by the Royal Canadian Mint Act to mint coins in anticipation of profit and to carry out other related activities. The Mint aims to be an agile, resilient Crown corporation focused on the future and prepared to act on opportunities to create value for Canada. The Mint has two primary businesses: Circulation and Precious Metals.

Circulation Business

The Royal Canadian Mint is Canada’s national mint and a global leader in circulation coinage and precious metals. As part of its core mandate, the Mint manages the circulation of Canada’s coinage from its weekly forecasting and world-class production to eventual retirement. This end-to-end responsibility, along with the management of inventories across the nation, enables the Mint to effectively deliver a reliable and inclusive payment option for Canadians. Integrating environmental, social and corporate governance (ESG) as a foundation for its coin lifecycle management practices, the Mint recycles and re-distributes coins which reduces the need to produce more coins and extends the life span and usage of those coins already circulating.

On behalf of the Government of Canada, the Mint operates a Commemorative Coin Program (CCP) to celebrate Canada’s history, diversity, culture and values. In addition to its core mandate, the Mint is also responsible for the Alloy Recovery Program (ARP) which removes older-composition Canadian coins from the coin pool system and replaces them with more durable and secure multi-ply plated steel (MPPS) coins.

The Foreign Circulation business produces and supplies finished coins, coin blanks and tokens to customers around the world, including central banks, mints, monetary authorities and finance ministries. The Mint also produces high technology dies for international customers, allowing countries to strike their own coins. These contracts leverage the infrastructure and industry-leading expertise in the Mint’s Winnipeg manufacturing facility.

Precious Metals Business

The Bullion Products & Services business provides critical support to the essential Canadian mining and financial sectors through its market-leading precious metal investment coin and bar products, supported by integrated precious metal refining, storage and exchange traded receipts (ETR) capabilities. These products include the Maple Leaf family of gold and silver coins, as well as other precious metal products and services for investment and manufacturing purposes. As a market leader in the industry with bullion coins of the highest quality and security, the Mint is well positioned to capture a leading share of any increase in demand while sustaining volumes during softer markets. The Mint has, in the past, issued ETRs under its Canadian Gold Reserves (TSX: MNT/MNT.U) and Canadian Silver Reserves (TSX: MNS/MNS.U) programs, which provide retail and institutional investors direct legal title and beneficial ownership in physical bullion held in the custody of the Mint at its facilities on an unallocated basis. These programs contribute to the efficient operation of the Mint's production facilities.

The Numismatics business designs, manufactures and sells collectible coins to a loyal customer base in Canada and around the world. The medals division proudly provides medals to many Canadian public institutions to recognize and celebrate outstanding accomplishments of Canadians. The Mint's global leadership in the art and science of minting is consistently recognized around the world. This recognition is largely earned by innovative technology enhancements, such as glow in the dark paint, selective plating, the Opulence line, hybrid and premium bullion products and the use of vibrant colour that allow the Mint to create unique and compelling products. The Mint sold numismatic products through its outbound sales and e-commerce platforms, and through its boutiques in Ottawa and Winnipeg, as well as through its dealers and partners, both domestically and internationally.

SIGNIFICANT CORPORATE EVENTS

New Coin Offerings

Coin Collection Honouring the Life and Reign of Queen Elizabeth II

The life and legacy of Queen Elizabeth II, who served as Canada's monarch and head of state for 70 years is being remembered on a dazzling collection of precious metal coins. Silver, gold and platinum coins revisit seven decades of history by featuring timeless emblems of the reign of the late Queen, while other precious keepsakes show a more intimate portrait of the Queen known to generations of Canadians. These numismatic treasures, featuring a special tribute obverse displaying all four effigies that have appeared on Canadian coins, will be offered to the public throughout 2023.

Coin Paying Tribute to the Black Canadian Volunteers of No. 2 Construction Battalion

No. 2 Construction Battalion, the first and only all-Black battalion-sized unit in Canadian military history, is being remembered on the 2023 issue of the Royal Canadian Mint's on-going Commemorating Black History series.

Environmental, Social and Corporate Governance (ESG) Initiatives

Implementation of New Responsible Sourcing Policy

The Mint delivered on one of its key ESG Milestones by approving and implementing a new Responsible Sourcing Policy (Precious Metals), a key initiative supporting the Mint's ESG Commitment and goal to be recognized as an international leader in ESG within the precious metals refining and bullion production ecosystem. The new policy is aligned to the ESG requirements specified in the London Bullion Market Association's Responsible Gold Guidance (RGG) Version 9.

National Capital Region's Top Employers (2023)

On February 6, 2023, the Mint was selected as one of the National Capital Region's Top Employers (2023) for the third consecutive year. Its coverage for retirement planning assistance, mental health services, as well as maternity and parental leave top up policies were highlighted in this recognition.

Hybrid Workplace

As the COVID-19 pandemic continues to normalize in 2023, the Mint is fully operational at its Ottawa and Winnipeg facilities and continues to ease some of its health and safety protocols. A hybrid workplace arrangement was implemented in January 2023 and allows teams to collaborate both in-person and remotely.

Appointment to the Board of Directors

On April 24, 2023, Minister Freeland announced the reappointment of Phyllis Clark as Chairperson of the Mint's Board of Directors for another five-years. Minister Freeland also announced the appointment of Evan Price to the Mint's Board of Directors for a four-year term.

OPERATING HIGHLIGHTS AND ANALYSIS OF RESULTS

To achieve its objectives, the Mint strives to continually improve profitability through prudent financial management and efficient operations. The Mint measures its performance by using metrics meaningful to its Shareholder, customers, business partners and employees. The measures below allow the Mint to monitor its capacity to improve performance and create value for its Shareholder and for Canada.

	13 weeks ended			
	April 1, 2023	April 2, 2022	$ Change	% Change
Revenue	**$ 769.7**	$ 865.0	(95.3)	(11)
Profit for the period	**$ 12.5**	$ 14.4	(1.9)	(13)
Profit before income tax and other items[1]	**$ 17.3**	$ 15.8	1.5	9
Profit before income tax and other items margin[2]	**2.2%**	1.8%		

[1] Profit before income tax and other items is a non-GAAP financial measure. A reconciliation from profit for the period to profit before income tax and other items is included on page 12.
[2] Profit before tax and other items margin is a non-GAAP financial measure and its calculation is based on profit before income tax and other items

Profit for the 13 weeks ended April 1, 2023 was $1.9 million lower than the same period in 2022 from an unfavourable change in the revaluation of the Face Value redemptions liability quarter over quarter. Profit before income tax and other items was $1.5 million higher quarter over quarter mainly driven by the strong performance of the Mint's Precious Metals business. Sales of *Queen Elizabeth II's Reign* products and higher gold bullion premium revenue combined with revenue from precious metal storage redemptions were the main drivers of the Mint's stronger performance quarter over quarter. These results were partially offset by a planned higher level of operating expenses to support the Mint's on-going operations, digital program and business transformation initiatives, as well as lower foreign circulation product volumes impacted by increased competition from foreign mints, on-going geopolitical tensions and post pandemic economic uncertainties.

	As at			
	April 1, 2023	December 31, 2022	$ Change	% Change
Cash and cash equivalents and short-term investment	**$ 124.4**	$ 79.3	45.1	57
Inventories	**$ 61.5**	$ 56.2	5.2	9
Capital assets	**$ 156.8**	$ 152.5	4.3	3
Total assets	**$ 407.5**	$ 380.2	27.3	7
Working capital	**$ 114.5**	$ 105.3	9.2	9

Working capital increased 9% from December 31, 2022. Cash and cash equivalents and short-term investment increased 57% from December 31, 2022 due to strong cash flows from operations, partially offset by capital investments of $5.7 million and income tax payments of $3.6 million.

Revenue by program and business

	13 weeks ended			
	April 1, 2023	April 2, 2022	$ Change	% Change
Canadian Circulation	**$ 19.5**	$ 21.7	(2.2)	(10)
Foreign Circulation	**2.5**	17.9	(15.4)	(86)
Total Circulation	**$ 22.0**	$ 39.6	(17.6)	(44)
Bullion Products and Services	**$ 710.4**	$ 795.1	(84.7)	(11)
Numismatics	**37.3**	30.3	7	23
Total Precious Metals	**$ 747.7**	$ 825.4	(77.7)	(9)
Total revenue	**$ 769.7**	$ 865.0	(95.3)	(11)

The Mint takes an integrated approach to managing the Circulation and Precious Metals businesses. This approach allows the Mint to allocate resources within these businesses with agility in order to respond to customer and market demands.

Canadian Circulation

During the 13 weeks ended April 1, 2023, revenues from the Canadian Circulation Program decreased 10% to $19.5 million compared to $21.7 million in the same period in 2022. The decrease is mainly due to a lower volume of circulation coins sold in the period to the Department of Finance, as expected, partially offset by higher program fees in accordance with the memorandum of understanding with the Department of Finance and a more favourable mix of Alloy Recovery Program (ARP) metric tons processed.

Coin supply

	13 weeks ended			
(in millions of coins)	**April 1, 2023**	April 2, 2022[1]	Change	% Change
Financial institutions deposits	**440**	378	62	16
Recycled coins	**34**	29	5	17
New coins sold to financial institutions and others	**11**	14	(3)	(21)
Total coin supply	**485**	421	64	15

[1] Restated to reflect coins deposited as opposed to coins received by the Mint.

Demand is met through the three main sources of supply outlined in the above table and is subject to variability across regions of the country and seasonality depending on the time of the year. In the first 13 weeks of 2023, demand increased 9% as compared to the same period in 2022.

Financial institution deposits are the primary coin supply channel that fulfills coin demand and are typically made up of coins from transit, parking, vending, etc.. In the first 13 weeks of 2023, supply was 15% higher than the same period last year, but still lower when compared to pre-pandemic levels.

Department of Finance Inventory

	As at		
(in millions of dollars)	**April 1, 2023**	April 2, 2022	$ Change
Opening inventory	**$ 102.0**	$ 84.9	17.1
New coins produced and sold to Department of Finance	**6.1**	20.8	(14.7)
New coins sold to financial institutions and others	**(2.6)**	(4.8)	2.2
Ending inventory	**$ 105.5**	$ 100.9	4.6

The Mint actively manages inventory supply levels from financial institutions deposits, recycling kiosk volumes, and new coin production to ensure coinage demand is met efficiently and cost effectively throughout the year. The face value of the Department of Finance owned inventory at April 1, 2023 was $105.5 million, which was within the inventory limit outlined in the Mint's memorandum of understanding with the Department of Finance.

Foreign Circulation

Revenue from the Foreign Circulation business decreased by 86% for the 13 weeks ended April 1, 2023 to $2.5 million compared to $17.9 million in the same period in 2022. Foreign circulation contract opportunities continue to be limited due to on-going geopolitical tensions and post pandemic global economic uncertainties, although there has been an uptick in central bank activity compared to 2022. The decrease in foreign circulation revenue reflects 86% lower volumes produced and shipped year over year.

Bullion Products and Services

	13 weeks ended			
	April 1, 2023	April 2, 2022	$ Change	% Change
Gross revenue	**$ 1,235.6**	$ 1,272.3	(36.7)	(3)
Less: Customer inventory deals	**(525.2)**	(477.2)	(48.0)	10
Net revenue	**$ 710.4**	$ 795.1	(84.7)	(11)

	13 weeks ended			
(thousands of ounces)	**April 1, 2023**	April 2, 2022	Change	% Change
Gold	**318.7**	366.9	(48.2)	(13)
Less: ounces from customer inventory deals	**(196.3)**	(185.1)	(11.2)	(6)
Net gold ounces	**122.4**	181.8	(59.4)	(33)
Silver	**9,008.2**	8,932.5	75.8	1
Less: ounces from customer inventory deals	**(685.3)**	(1,186.3)	501.1	(42)
Net silver ounces	**8,323.0**	7,746.2	576.7	7

Bullion Products and Services net revenue for the 13 weeks ended April 1, 2023 decreased 11% compared to the same period in 2022. The decrease in revenue was mainly driven by lower gold net bullion volumes sold, partially offset by higher gold market pricing, higher silver net bullion volumes sold and a favourable impact from a stronger US dollar on the Mint's US dollar denominated revenue.

Numismatics

Numismatics revenue increased 23% to $37.3 million during the 13 weeks ended April 1, 2023 from $30.3 million in the same period of 2022. The increase in revenue was primarily due to high demand for *Queen Elizabeth II's Reign* products, partially offset by higher precious metal costs.

	13 weeks ended			
	April 1, 2023	April 2, 2022	$ Change	% Change
Gold	**$ 13.0**	$ 13.0	-	-
Silver	**14.6**	14.7	(0.1)	-
Other revenue[1]	**9.7**	2.6	7.1	280%
Total revenue	**$ 37.3**	$ 30.3	7.0	23%

[1]Other revenue includes base metal coins, medals and other related revenue

Expenses, other income and income tax

	13 weeks ended			
Expenses (income)	**April 1, 2023**	April 2, 2022	$ Change	% Change
Cost of sales	**$ 721.3**	$ 818.0	(96.7)	(12)
Operating expenses				
Marketing and sales	**$ 6.5**	$ 6.1	0.4	7
Administration	**25.9**	21.5	4.4	20
Total operating expenses	**$ 32.4**	$ 27.6	4.8	17
Finance income (costs), net	**$ 0.8**	$ (0.1)	0.9	
Net foreign exchange loss	**$ 0.2**	$ 0.1	0.1	
Income tax expense	**$ 4.2**	$ 4.8	(0.6)	

Cost of sales for the 13 weeks ended April 1, 2023 decreased to $721.3 million compared to $818.0 million during the same period in 2022. The overall decrease in cost of sales was in line with the 11% decrease in overall revenue, excluding the $4.0 million increase in the revaluation loss on the Face Value redemptions liability which is recognized in cost of sales.

Overall, operating expenses for the 13 weeks ended April 1, 2023 increased 17% to $32.4 million from $27.6 million in the same period in 2022. Administration expenses increased 20% mainly due to a planned temporary increase in consulting expenses to support the digital program and business transformation, as well as planned non-temporary increases in employee compensation and travel and hospitality expenses to support our normal on-going operations.

Finance income (costs), net for the 13 weeks ended April 1, 2023 increased $0.9 million due to interest earned on cash and cash equivalents and the short-term investment purchased in the first quarter of 2023.

Income tax expense decreased $0.6 million compared to 2022 in line with the decrease in operating profit quarter over quarter.

LIQUIDITY AND CAPITAL RESOURCES

Cash flows

	13 weeks ended		
	April 1, 2023	April 2, 2022	$ Change
Cash and cash equivalents, at the end of the period	**$ 109.4**	$ 86.6	22.8
Cash flow from operating activities	**$ 52.4**	$ 24.4	28.0
Cash flow used in investing activities	**$ (20.7)**	$ (4.4)	(16.3)
Cash flow used in financing activities	**$ (0.4)**	$ (0.4)	-

Cash from operating activities for the 13 weeks ended April 1, 2023 increased $28.0 million compared to the same period in 2022 primarily due to higher net cash inflows from bullion and numismatic sales, as well as lower income tax payments.

Cash used in investing activities increased $16.3 million for the 13 weeks ended April 1, 2023, as compared to the same period in 2022, mainly due to the purchase of a short term investment as well as investments made in production equipment for the Winnipeg plant as part of the on-going implementation of the One Mint Strategy.

Borrowing facilities

See note 17 in the December 31, 2022 audited consolidated financial statements for details on the Mint's borrowing facilities. The Mint entered and closed the period with total outstanding long-term loans of $24 million, which is within the Mint's approved borrowing limit as prescribed by the *Royal Canadian Mint Act*. The Mint entered the period with a long-term debt-to-equity ratio of 1:06 and closed the period with a long-term debt-to-equity ratio of 1:06.

RECONCILIATION FROM PROFIT FOR THE PERIOD TO PROFIT BEFORE INCOME TAX AND OTHER ITEMS

Profit before income tax and other items is a non-GAAP financial measure used by management and other stakeholders to compare the Mint's financial results before the impact of non-cash changes in valuations, taxes and other items. A reconciliation from profit for the period to profit before income tax and other items is as follows:

	13 weeks ended	
	April 1, 2023	April 2, 2022
Profit for the period	**$ 12.5**	$ 14.4
Add (deduct):		
Income tax expense	**4.2**	4.8
Shareholder directed donations	**0.2**	-
Net foreign exchange loss[1]	**0.2**	0.4
Face Value revaluation loss (gain)[2]	**0.2**	(3.8)
Profit before income tax and other items	**$ 17.3**	$ 15.8

[1] Net foreign exchange loss in 2023 excludes a gain of $nil million (2022 - $0.3 million gain) related to the mitigation of the foreign exchange risk for a specific contract.
[2] Face Value revaluation is the non-cash impact of the change in the valuation of the precious metal component of the Face Value redemptions liability which excludes the impact of a foreign exchange loss of $nil million (2022 - $0.8 million loss).

RISKS TO PERFORMANCE

Management considers risks and opportunities at all levels of decision making. The Mint's performance is influenced by many factors, including: economic conditions, financial and commodity market volatility, and competitive pressures. Also, as a Crown corporation governed under a legislative framework, the Mint's performance could be impacted by changes to Shareholder objectives or to the directions given by governing bodies. Under the guidance of the Board of Directors, the Mint's enterprise risk management process is undertaken by the Mint's Leadership Team. It focuses on the identification, assessment and management, within the risk appetite of the Board of Directors, of the key risks, that could impact the achievement of the Mint's strategic objectives. As part of its oversight process, the Board of Directors approves risk appetite statements, reviews the Mint's corporate risk profile and has input into the broader risk management approach.

The Mint's enterprise risk management framework and practices are consistent with guidance issued by the Treasury Board and is subject to periodic review by its internal auditor. Guidance in relation to risk awareness and risk management is provided to staff where necessary. Appropriate risk management requirements are embedded in staff responsibilities.

A register of key corporate risks is maintained, together with a series of operational risk registers covering each of the Mint's business/support areas. These registers are updated regularly and evolve as new risks are identified and existing ones are mitigated.

The key corporate level risks that could materially impact the Mint's ability to achieve its corporate strategy objectives are identified in the Mint's 2022 Annual Report. There have been no material changes to the key corporate level risks since the filing of the 2022 Annual Report.

CRITICAL ACCOUNTING ESTIMATES, ADOPTION OF NEW ACCOUNTING STANDARDS AND ACCOUNTING POLICY DEVELOPMENTS

See note 3 in the audited consolidated financial statements for the year ended December 31, 2022 for a discussion of critical accounting estimates, as well as note 3 in the accompanying unaudited condensed financial statements for the 13 weeks ended April 1, 2023 for a discussion regarding the adoption of new accounting standards and accounting policy developments.

OUTLOOK

The financial goal for 2023 is a profit before tax and other items of $25.5 million, as approved in the Mint's 2023-2027 Corporate Plan.

Continuing in 2023 with the implementation of its One Mint Strategy which was approved in 2020, the Mint will continue to evolve its domestic circulation coin lifecycle management practices and will aim to seize the best foreign circulation opportunities. The Mint will continue to build its precious metals capacity, focus its numismatic offerings, and pursue operational efficiencies. The Mint is also making investments in its digital capabilities and ESG initiatives to continue to build its agility and resiliency as it continues to add value for Canada. The Mint is closely monitoring the impact of economic and geopolitical events around the globe, including the impact on its global supplier network, and identifies contingency plans when required in order to support the business.

Circulation business

Canadian circulation

With public health measures largely lifted, Canadians are slowly returning to familiar pre-pandemic activities and habits. Although services with digital payment platforms were expanded during the pandemic, which may have accelerated the transition to a cash-light environment, two-thirds of Canadians reported that they recently chose cash to complete transactions. Cash and coins also remain important in rural and Indigenous communities where access to banking services and reliable internet remain limited.

Despite declining coin usage during the pandemic, it is anticipated that requirements will be higher in 2023 compared to the "pandemic years" due to a return to in-store purchases, entertainment and sporting events, hybrid working, and tourist activities, although it is not expected that coin usage will return to pre-pandemic levels.

This uncertainty in the market makes it even more critical for the Mint to perform its role of managing the lifecycle of Canada's coins. The Mint will closely monitor where and how coins are being used so it can physically relocate inventories where they are needed most and as a last resort produce new coins to support Canadians' trade and commerce needs.

To make sure it remains on top of key trends during this period of continued uncertainty, the Mint is investigating domestic and international payment trends and dialoguing with key ecosystem stakeholders and demographics.

Foreign circulation

The world is emerging from the COVID-19 pandemic, however, the global economic impacts from it, as well as the ongoing geopolitical tensions continue to create unstable conditions in many economies. Central Banks have slowly begun to resume normal procurement cycles, and the Mint is seeing an increase in the number of tenders being released. Central Banks tendered for approximately 2 billion coins and blanks in 2022, compared to roughly 500 million pieces being tendered in the first quarter of 2023. The Mint anticipates that cash usage and coin demand will rebound as economies continue to reopen and stabilize in 2023, although the decline in cash usage in developed countries is unlikely to return to pre-pandemic levels.

Precious metals business

Bullion products and services

The Mint continues to monitor bullion coin market and supply conditions closely and will work to position itself to be able to meet demand relating to sustained market conditions for gold and silver bullion coins. The Mint also continues to review the pricing of bullion products as costs and market conditions evolve. In the next twelve months, the Mint will continue to focus on customer and market strategies in support of its strong market share, including a renewed focus on gold refining, gold products and selective storage opportunities while carefully managing operating costs to mitigate the impact of uncertainty in the global bullion coin market.

Numismatics

The Mint continues to prioritize being a customer-centric organization focused on enhancing the customer experience and improving the long-term performance of the Numismatics business. The Mint continues to implement and pursue product strategies intended to reach new customers in new and emerging markets.

FORWARD LOOKING STATEMENTS

The unaudited condensed consolidated financial statements and the narrative, contain forward-looking statements that reflect management's expectations regarding the Mint's objectives, plans, strategies, future growth, results of operations, performance and business prospects and opportunities. Forward-looking statements are typically identified by words or phrases such as "plans", "anticipates", "expects", "believes", "estimates", "intends", and other similar expressions. These forward-looking statements are not facts, but only assumptions regarding expected growth, results of operations, performance, business prospects and opportunities. While management considers these assumptions to be reasonable based on available information, they may prove to be incorrect. These assumptions are subject to a number of risks, uncertainties and other factors that could cause actual results to differ materially from what the Mint expects. These risks, uncertainties and other factors include, but are not limited to, those risks and uncertainties set forth above in the Risks to Performance in this narrative, as well as in Note 8 – Financial Instruments and Financial Risk Management to the Mint's unaudited condensed consolidated financial statements.

To the extent the Mint provides future-oriented financial information or a financial outlook, such as future growth and financial performance, the Mint is providing this information for the purpose of describing its expectations. Therefore, readers are cautioned that this information may not be appropriate for any other purpose. Furthermore, future-oriented financial information and financial outlooks, as with forward-looking information generally, are based on the assumptions and subject to the risks.

Readers are urged to consider these factors carefully when evaluating these forward-looking statements. In light of these assumptions and risks, the events predicted in these forward-looking statements may not occur. The Mint cannot assure that projected results or events will be achieved. Accordingly, readers are cautioned not to place undue reliance on the forward-looking statements.

The forward-looking statements included in the unaudited condensed consolidated financial statements and narrative are made only as of May 18, 2023, and the Mint does not undertake to publicly update these statements to reflect new information, future events or changes in circumstances or for any other reason after this date.

Statement of Management Responsibility by Senior Officials

Management is responsible for the preparation and fair presentation of these unaudited condensed consolidated financial statements in accordance with *IAS 34 Interim Financial Reporting* and requirements in the Treasury Board of Canada's Directive on Accounting Standards: *GC 5200 Crown Corporations Quarterly Financial Reports* and for such internal controls as management determines are necessary to enable the preparation of condensed consolidated financial statements that are free from material misstatement. Management is also responsible for ensuring all other information in this quarterly financial report is consistent, where appropriate, with the unaudited condensed consolidated financial statements.

Based on our knowledge, these unaudited condensed consolidated financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Royal Canadian Mint, as at the date of and for the periods presented in the unaudited condensed consolidated financial statements.

1. NATURE AND DESCRIPTION OF THE CORPORATION

The Royal Canadian Mint (the Mint or the Corporation) was incorporated in 1969 by the *Royal Canadian Mint Act* to mint coins and carry out other related activities. The Corporation is an agent corporation of His Majesty named in Part II of Schedule III to the *Financial Administration Act*. It produces all of the circulation coins used in Canada and manages the Canadian circulation coin life cycle for the Government of Canada.

In 2015, the Corporation was issued a directive (P.C. 2015-1107) pursuant to section 89 of the *Financial Administration Act* to align its travel, hospitality, conference and event expenditure policies, guidelines and practices with Treasury Board policies, directives and related instruments in a manner that is consistent with its legal obligations. The directive also requires the Corporation to report on the implementation of this directive in its Corporate Plan. The Corporation has complied with this directive.

The Corporation produces coins for Canadian trade and commerce, manages the country's coin system for optimum efficiency and cost, and is a world-renowned manufacturer of precious metals investment products and collectibles. It is also one of the largest gold refiners in the world. The addresses of its registered office and principal place of business are 320 Sussex Drive, Ottawa, Ontario, Canada, K1A 0G8 and 520 Lagimodière Blvd, Winnipeg, Manitoba, Canada, R2J 3E7.

The Corporation is a prescribed federal Crown corporation for income tax purposes and is subject to federal income taxes under the *Income Tax Act*.

While not subject to United States of America federal income taxes, the Corporation is subject in some states to state income taxes.

2. BASIS OF PRESENTATION

2.1 Statement of Compliance

These condensed consolidated financial statements were prepared in accordance with *IAS 34 Interim Financial Reporting ("IAS 34")* of the *International Financial Reporting Standards ("IFRS")* and the *Directive on Accounting Standards: GC 5200 Crown Corporations Quarterly Financial Reports* issued by the Treasury Board of Canada. As permitted under these standards, these condensed consolidated financial statements do not include all of the disclosure requirements for annual consolidated financial statements, and should be read in conjunction with the Corporation's audited consolidated financial statements for its fiscal year ended December 31, 2022.

These condensed consolidated financial statements have not been audited or reviewed by an external auditor.

2.2 Basis of presentation

These condensed consolidated financial statements were prepared in accordance with IFRS.

Although the Corporation's year end of December 31 matches the calendar year end, the Corporation's quarter end dates do not necessarily coincide with calendar year quarters; instead, each of the Corporation's quarters contains 13 weeks.

These condensed consolidated financial statements were approved for public release by the Board of Directors of the Corporation on May 18, 2023.

2.3 Consolidation

These condensed consolidated financial statements incorporate the financial statements of the Corporation and its wholly-owned subsidiary RCMH-MRCF Inc. The subsidiary adopted IFRS at the same time as the Corporation and its accounting policies are in line with those used by the Corporation. RCMH-MRCF Inc. has been operationally inactive since December 31, 2008. All intercompany transactions, balances, income and expenses are eliminated in full upon consolidation.

2.4 Foreign currency translation

Unless otherwise stated, all figures reported in these condensed consolidated financial statements and disclosures are reflected in thousands of Canadian dollars (CAD), which is the functional and presentation currency of the Corporation.

3. KEY SOURCES OF ESTIMATION UNCERTAINTY AND CRITICAL JUDGEMENTS

The preparation of these condensed consolidated financial statements requires management to make critical judgements, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities and the reported amounts of revenue and expenses during the reporting period.

Actual results may differ significantly from the estimates and assumptions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Significant judgements and estimates as at April 1, 2023 were consistent with those disclosed in Note 3 of the Corporation's audited consolidated financial statements for the year ended December 31, 2022.

4. APPLICATION OF NEW AND REVISED IFRS PRONOUNCEMENTS

4.1 New and revised IFRS pronouncements affecting amounts reported and/or disclosed in the consolidated financial statements for the year ended December 31, 2023.

The Corporation reviewed the new and revised accounting pronouncements that were issued and had mandatory effective dates of annual periods beginning on or after January 1, 2023. The following amendments were adopted by the Corporation on January 1, 2023 and did not have a significant impact on the consolidated financial statements.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction

In May 2021, the IASB issued amendments to IAS 12 – *Income Taxes*. The amendments clarify that the initial recognition exemption does not apply to transactions in which equal amounts of deductible and taxable temporary differences arise on initial recognition. The amendments are effective for annual periods beginning on or after January 1, 2023.

Disclosure of Accounting Policies

In February 2021, the IASB issued amendments to IAS 1 - *Presentation of Financial Statements* (IAS 1) and IFRS Practice Statement 2. The amendments require that an entity disclose only its material accounting policies, instead of its significant accounting policies. Further amendments explain how an entity can identify a material accounting policy. The amendments are effective for annual periods beginning on or after January 1, 2023.

Definition of Accounting Estimates

In February 2021, the IASB issued amendments to IAS 8 – *Accounting Policies, Changes in Accounting Estimates and Errors*. The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates and clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error. The amendments are effective for annual periods beginning on or after January 1, 2023.

Insurance Contracts

In May 2017, the IASB issued IFRS 17 - *Insurance Contracts*. The new standard requires insurance liabilities to be measured at a current fulfillment value and provides a more uniform measurement and presentation approach for all insurance contracts. In June 2020, the IASB issued amendments to IFRS 17 targeted to address implementation concerns and challenges raised by stakeholders. IFRS 17 as amended is effective for annual periods beginning on or after January 1, 2023.

4.2 New and revised IFRS pronouncements issued, but not yet effective

The Corporation reviewed the revised accounting pronouncements that have been issued, but are not yet effective. The adoption of the following IFRS pronouncements may have an impact on the Corporation's consolidated financial statements in the future. The Corporation will continue to assess the possible impact through the effective date of each pronouncement.

Classification of Liabilities as Current or Non-Current

In October 2022, the IASB issued amendments to IAS 1 Presentation of Financial Statements titled *Non-current liabilities with Covenants*. The amendments clarify that only covenants with which an entity is required to comply on or before the reporting date affect the classification of a liability as current or non-current. In addition, an entity has to disclose information in the notes that enables users of financial statements to understand the risk that non-current liabilities with covenants could become payable within twelve months. These amendments override but incorporate the previous amendments, *Classification of liabilities as current or non-current*, issued in January 2020, which clarified that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Liabilities should be classified as non-current if a company has a substantive right to defer settlement for at least 12 months at the end of the reporting period. The amendments are effective for annual periods beginning on or after January 1, 2024.

Sale and Liability in a Sale and Leaseback

In September 2022, the IASB issued amendments to IFRS 16 – *Leases*. The amendments require a seller-lessee to subsequently measure lease liabilities arising from a leaseback in a way that it does not recognize any amount of the gain or loss that relates to the right of use it retains. The amendments are effective for annual periods beginning on or after January 1, 2024.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

5. SHORT-TERM INVESTMENT

	As at	
	April 1, 2023	December 31, 2022
Guaranteed Investment Certificate (GIC)	**$ 15,000**	$ -
Total short-term investment	**$ 15,000**	$ -

Short-term investment consists of a non-redeemable $15.0 million GIC bearing a fixed interest rate of 5.4% maturing in December 2023. Interest payments will be received at the maturity date.

6. TRADE RECEIVABLES, NET AND OTHER RECEIVABLES

	As at	
	April 1, 2023	December 31, 2022
Receivables and accruals from contracts with customers	**$ 13,173**	$ 23,328
Receivables from contracts with related parties (Note 22)	**1,124**	2,308
Allowance for expected credit losses	**(128)**	(76)
Trade receivables, net	**$ 14,169**	$ 25,560
Other current financial receivables	**868**	1,050
Other receivables	**76**	46
Trade receivables, net and other receivables	**$ 15,113**	$ 26,656

The Corporation does not hold any collateral in respect of trade and other receivables.

The Corporation sub-leased certain of its building office space leases. These sub-lease arrangements, which expired in 2022 had been assessed as finance leases. As at April 1, 2023, the opening and closing balance for the lease receivable balance were nil (December 31, 2022 - $0.3 million opening balance while the closing balance was nil). There is no cash inflow for leases included in lease receivables for the 13 weeks ended April 1, 2023 as the leases expired and were not extended (13 weeks ended April 2, 2022 - $0.1 million).

7. INVENTORIES

	As at	
	April 1, 2023	December 31, 2022
Total inventories	**$ 61,476**	$ 56,228

The Corporation recognized write-downs of inventory to net realizable value of $0.7 million for the 13 weeks ended April 1, 2023 (13 weeks ended April 2, 2022 - $0.2 million).

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

8. CONTRACT ASSETS AND LIABILITIES

The contract assets are related to the Corporation's rights to consideration for work completed, but not billed as at April 1, 2023. The Corporation reviewed its credit risk exposure related to contract assets as at April 1, 2023 and evaluated the risk to be minimal as each contract is subject to a contract specific risk assessment process. The contract liabilities are related to the consideration received in advance from customers for which revenue has not yet been recognized and accrued expenses related to contract assets, as well as amounts relating to customer loyalty programs.

Significant changes in the contract asset and liability balances were as follows:

	As at April 1, 2023	
	Contract Assets	**Contract Liabilities**
Opening balance	**$ 18,292**	**$ 14,107**
Revenue recognized	**-**	**(400)**
Cash received, excluding amounts recognized during the period	**-**	**5,658**
Transfers from contract liabilities to payables	**-**	**(1,426)**
Foreign exchange revaluation	**(157)**	**(9)**
Transfers from contract assets to receivables	**(14,982)**	**-**
Increases resulting from changes in the measure of progress	**1,775**	**567**
Closing balance	**$ 4,928**	**$ 18,497**

	As at December 31, 2022	
	Contract Assets	Contract Liabilities
Opening balance	$ 40,631	$ 12,894
Revenue recognized[1]	-	(1,979)
Cash received, excluding amounts recognized during the period	-	2,750
Transfers from contract liabilities to payables	-	(5,253)
Foreign exchange revaluation	3,023	272
Transfers from contract assets to receivables	(85,800)	-
Increases resulting from changes in the measure of progress[1]	60,438	5,423
Closing balance	$ 18,292	$ 14,107

[1] Revenue recognized includes $0.5 million related to the Corporation's memorandum of understanding with the Department of Finance (Note 22).

9. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

9.1 Capital risk management

The Corporation may borrow money from the Consolidated Revenue Fund or any other source, subject to the approval of the Minister of Finance with respect to the time and term and conditions. Since March 1999, following the enactment of changes to the *Royal Canadian Mint Act*, the total aggregate borrowings by the Corporation and outstanding at any time shall not exceed $75 million. For the 13 weeks ended April 1, 2023 and year ended December 31, 2022, approved short-term borrowings for working capital needs within this limit were not to exceed $25 million or the US dollar equivalent. From time to time, the Corporation may seek approval for new long-term borrowings. As at April 1, 2023 and December 31, 2022, the Corporation had no approvals for any new long-term borrowings for those ending fiscal periods. The Corporation's long-term borrowings are described in note 17 of its audited consolidated financial statements for the year ended December 31, 2022.

To support such short-term borrowings, as may be required from time to time, the Corporation has various commercial borrowing lines of credit, made available to it by Canadian financial institutions. These lines are unsecured and provide for borrowings up to 364 days in term based on negotiated rates. No amounts were borrowed under these lines of credit as at April 1, 2023 or December 31, 2022.

The Corporation employs a dividend framework to calculate dividends payable to its Shareholder. The calculated dividend amount represents projected excess year end cash over a pre-determined cash reserve requirement and is generally paid in the fourth quarter of each year.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

9.2 Classification and fair value measurements of financial instruments

9.2.1 Carrying amount and fair value of financial instruments

The carrying amount and fair value of the Corporation's financial assets and financial liabilities are presented in the following table:

	As at			
	April 1, 2023		December 31, 2022	
	Carrying Amount	**Fair Value**	Carrying Amount	Fair Value
Financial Assets				
Cash and cash equivalents	**$ 109,443**	**$ 109,443**	$ 79,282	$ 79,282
Short-term investment	**$ 15,000**	**$ 15,000**	$ -	$ -
Trade receivables, net and other receivables	**$ 15,037**	**$ 15,037**	$ 26,610	$ 26,610
Derivative financial assets:				
Foreign currency forwards	**$ 584**	**$ 584**	$ 621	$ 621
Financial Liabilities				
Trade payables, other payables and accrued liabilities	**$ 67,797**	**$ 67,797**	$ 58,048	$ 58,048
Loan payable	**$ 24,159**	**$ 23,460**	$ 24,032	$ 23,140
Derivative financial liabilities:				
Foreign currency forwards	**$ 3,248**	**$ 3,248**	$ 2,960	$ 2,960

9.2.2 Fair value hierarchy

Financial instruments, other than those that are not subsequently measured at fair value and for which fair value approximates carrying value, whether or not they are carried at fair value in the condensed consolidated statement of financial position, must be disclosed at their fair value and be classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value measurement of cash and cash equivalents was classified as level 1 of the fair value hierarchy as at April 1, 2023 and December 31, 2022. The fair value measurements of all other financial instruments held by the Corporation were classified as level 2 of the fair value hierarchy as at April 1, 2023 and December 31, 2022. There were no transfers of financial instruments between levels for the 13 weeks ended April 1, 2023.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

9.2.3 Classification and fair value techniques of financial instruments

The Corporation holds financial instruments in the form of cash and cash equivalents, short-tern investment, trade receivables, net and other receivables, derivative assets, trade payables, other payables and accrued liabilities, loan payable and derivative liabilities.

The Corporation estimated the fair values of its financial instruments as follows:

i) The carrying amounts of cash and cash equivalents, short-term investment, trade receivables, net and other receivables and trade payables, other payables and accrued liabilities approximate their fair values as a result of the relatively short-term nature of these financial instruments.

ii) The fair value of the loan payable is estimated based on a discounted cash flow approach using current market rates.

iii) The fair values of the Corporation's foreign currency forward contracts are based on estimated credit-adjusted forward market prices. The Corporation takes counterparty credit risk and its own credit risk into consideration for the fair value of financial instruments.

The table below details the types of derivative financial instruments carried at fair value:

	As at	
	April 1, 2023	December 31, 2022
Derivative financial assets		
Foreign currency forwards	**$ 584**	$ 621
	$ 584	$ 621
Derivative financial liabilities		
Foreign currency forwards	**$ 3,248**	$ 2,960
	$ 3,248	$ 2,960

9.3 Financial risk management objectives and framework

The Corporation is exposed to credit risk, liquidity risk and market risk from its use of financial instruments.

The Board of Directors has overall accountability for the establishment and oversight of the Corporation’s financial risk management framework. The Audit Committee is mandated by the Board of Directors and is responsible for the review, approval and monitoring of the Corporation’s financial risk management policies. The Audit Committee reports regularly to the Board of Directors on its activities.

9.3.1 Credit risk management

Credit risk is the risk of financial loss to the Corporation if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Corporation’s receivables from customers, cash and cash equivalents, short-term investment and derivative instruments. The Corporation has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Corporation’s exposure and the credit ratings of its counterparties are continuously monitored.

The carrying amount of financial assets recorded in the consolidated financial statements represents the Corporation’s maximum credit exposure.

9.3.1.1 Credit risk management of receivables from customers

The Corporation’s exposure to credit risk associated with trade receivables, net and other financial receivables is influenced mainly by the individual characteristics of each customer, however the Corporation also considers the demographics of its customer base, including the risk associated with the type of customer and country in which the customer operates.

The Corporation manages this risk by monitoring the credit worthiness of customers and obtaining prepayment or other forms of payment security from customers with a high level of credit risk. The Corporation has established processes over contracting with foreign customers in order to manage the risk relating to these customers. The Corporation’s management reviews the detailed trade receivable listing on a regular basis for changes in the factors that impact a customer’s ability to pay outstanding receivable balances, including changes in a customer business and the overall economy. An allowance for expected credit losses (ECL) is provided for customer accounts that could present collectability issues.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

The Corporation's maximum exposure to credit risk for trade receivables, net and other financial receivables by geographic regions was as follows:

	As at	
	April 1, 2023	December 31, 2022
Canada	**$ 8,386**	$ 11,069
Asia and Australia	**2,650**	14,431
United States	**1,861**	389
Latin America and Caribbean	**1,337**	611
Europe, Middle East and Africa	**803**	110
Trade receivables, net and other financial receivables	**$ 15,037**	$ 26,610

The maximum exposure to credit risk for trade receivables, net and other financial receivables by type of customer was as follows:

	As at	
	April 1, 2023	December 31, 2022
Consumers, dealers and others	**$ 7,127**	$ 4,459
Central and institutional banks	**5,649**	15,488
Governments (including governmental departments and agencies)	**2,261**	6,663
Trade receivables, net and other financial receivables	**$ 15,037**	$ 26,610

The Corporation established an allowance for ECLs based on a provision matrix that reflected the estimated impairment of trade receivables, net and other financial receivables at the end of the reporting period. The provision matrix was based on historical observed default rates and was adjusted for forward-looking estimates. The Corporation sets different payment terms depending on the customer and product, and excluding prepayments, the Corporation's standard payment terms are generally 30 days. As at April 1, 2023, the Corporation's rate of credit losses was less than 1% (2022 – less than 1%) of trade receivables, net and other financial receivables.

9.3.2 Liquidity risk

Liquidity risk is the risk that the Corporation will not be able to meet its financial obligations as they fall due. The Corporation manages liquidity risk by continuously monitoring actual and forecasted cash flows to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Corporation's reputation.

9.3.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates or commodity price changes will affect the Corporation's income or the fair value of its financial instruments.

The Corporation uses, from time to time, derivative instruments, such as foreign currency forward contracts, interest rate exchange agreements and commodity swap and forward contracts to manage its exposure to fluctuations in cash flows resulting from foreign exchange risk, interest rate risk and commodity price risk. The Corporation buys and sells derivatives in the ordinary course of business and all such transactions are carried out within the guidelines set out in established policies. In accordance with the Corporation's policies, derivative instruments are not used for trading or speculative purposes.

Foreign exchange risk

The Corporation is exposed to foreign exchange risk on sales and purchase transactions and short-term cash management requirements that are denominated in foreign currencies, primarily in US dollars. The Corporation manages its exposure to exchange rate fluctuations between the foreign currency and the Canadian dollar by entering into foreign currency forward contracts. The Corporation also uses such contracts in managing its overall cash requirements.

Interest rate risk

Financial assets and financial liabilities with variable interest rates expose the Corporation to cash flow interest rate risk. There is no interest rate risk related to cash and cash equivalents, the short-term investment or loan payable which bear interest at fixed rates.

Commodity price risk

The Corporation is exposed to commodity price risk on its purchase and sale of precious metals including gold, silver, platinum and palladium and base metals including nickel, copper and steel.

The Corporation is not exposed to precious metal price risk related to its bullion sales program because the purchase and sale of precious metals used in this program are completed on the same date, using the same price basis in the same currency. For numismatic sales the Corporation enters into short term lease or fixed-price purchase commitments for precious and base metals to mitigate the commodity price risk (Note 23).

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

For contracts that are entered into for the purpose of procuring commodities to be used in production, the Corporation applies the normal purchases classification.

The impact of commodity price risk fluctuation on the condensed consolidated financial statements is not significant because the Corporation's un-hedged commodity exposure is not significant.

10. PROPERTY, PLANT AND EQUIPMENT

The composition of the net book value of the Corporation's property, plant and equipment, is presented in the following tables:

	As at	
	April 1, 2023	December 31, 2022
Cost	**$ 435,766**	$ 427,104
Accumulated depreciation and impairment	**(290,159)**	(286,410)
Net book value	**$ 145,607**	$ 140,694

Net book value by asset class

	As at	
	April 1, 2023	December 31, 2022
Land and land improvements	**$ 3,137**	$ 3,138
Buildings and improvements	**74,282**	75,238
Equipment	**54,632**	55,055
Capital projects in process	**13,556**	7,263
Net book value	**$ 145,607**	$ 140,694

During the 13 weeks ended April 1, 2023, the Corporation acquired $8.7 million (13 weeks ended April 2, 2022 - $3.7 million) worth of building and improvements and equipment. No capital assets were transferred to different categories within property, plant and equipment.

Included in property, plant and equipment additions for the 13 weeks ended April 1, 2023 is a total accrual of $1.2 million (December 31, 2022 - $0.6 million).

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses.

No asset is pledged as security for borrowings as at April 1, 2023.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

Intangible assets

	As at	
	April 1, 2023	December 31, 2022
Cost	**$ 40,095**	$ 39,835
Accumulated amortization and impairment	**(35,599)**	(35,155)
Net book value	**$ 4,496**	$ 4,680

During the 13 weeks ended April 1, 2023, the Corporation acquired $0.3 million (13 weeks ended April 2, 2022 - $0.7 million) worth of software. No capital assets were transferred to different categories within intangible assets.

Included in intangible asset additions for the 13 weeks ended April 1, 2023 is a total accrual of nil (December 31, 2022 - $0.1 million).

11. LEASES

Right-of-use assets

The composition of the net book value of the Corporation's right-of-use assets, is presented in the following table:

	As at	
	April 1, 2023	December 31, 2022
Cost	**$ 14,657**	$ 14,657
Accumulated depreciation	**(8,186)**	(7,793)
Net book value	**$ 6,471**	$ 6,864

Net book value by right-of-use asset class

	As at	
	April 1, 2023	December 31, 2022
Buildings	**$ 3,560**	$ 3,748
Equipment	**2,911**	3,116
Net book value	**$ 6,471**	$ 6,864

Lease liabilities

The following represents a reconciliation of the opening and closing balance of the lease liability balance:

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

As at April 1, 2023

	Buildings	Equipment	Total
Opening balance, January 1, 2023	**$ 4,036**	**$ 3,206**	**$ 7,242**
Interest expense	**29**	**23**	**52**
Lease payments	**(224)**	**(217)**	**(441)**
Closing balance	**$ 3,841**	**$ 3,012**	**$ 6,853**

As at December 31, 2022

	Buildings	Equipment	Total
Opening balance, January 1, 2022	$ 5,253	$ 529	$ 5,782
Interest expense	140	105	245
Lease payments	(1,357)	(861)	(2,218)
Renewal	-	3,433	3,433
Closing balance	$ 4,036	$ 3,206	$ 7,242

	As at	
	April 1, 2023	December 31, 2022
Buildings	**$ 796**	$ 789
Equipment	**767**	769
Current	**$ 1,563**	$ 1,558
Buildings	**3,045**	3,247
Equipment	**2,245**	2,437
Non-Current	**$ 5,290**	$ 5,684
Total lease liabilities	**$ 6,853**	$ 7,242

Total cash outflow for leases included in lease liabilities for the 13 weeks ended April 1, 2023 is $0.4 million (13 weeks ended April 2, 2022 - $0.4 million).

12. TRADE PAYABLES, OTHER PAYABLES AND ACCRUED LIABILITIES

	As at	
	April 1, 2023	December 31, 2022
Trade payables	**$ 8,757**	$ 10,563
Employee compensation payables and accrued liabilities	**29,647**	29,640
Other current financial liabilities[1]	**29,353**	17,809
Other accounts payable and accrued liabilities	**871**	344
Total current trade payables, other payables and accrued liabilities	**$ 68,628**	$ 58,356
Other non-current financial liabilities[1]	**40**	36
Total non-current trade payables, other payables and accrued liabilities	**$ 40**	$ 36
Trade payables, other payables and accrued liabilities	**$ 68,668**	$ 58,392

[1] Other financial liabilities include various accrued liabilities relating to operating and capital accruals.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

13. PROVISIONS

The following table presents the changes in the provisions:

	As at	
	April 1, 2023	December 31, 2022
Opening balance	**$ 5,481**	$ 3,009
Additional provisions recognized	**1,452**	3,313
Payments	**(15)**	(222)
De-recognition of provisions	**(1,378)**	(606)
Foreign exchange revaluation	**1**	(13)
Total provisions	**$ 5,541**	$ 5,481

Provisions include the following**:**

	As at	
	April 1, 2023	December 31, 2022
Sales returns and warranty	**$ 2,117**	$ 2,903
Employee compensation	**2,693**	1,831
Other provisions	**731**	747
Total provisions	**$ 5,541**	$ 5,481

	As at	
	April 1, 2023	December 31, 2022
Current portion	**$ 4,627**	$ 4,568
Non-current portion	**914**	913
Total provisions	**$ 5,541**	$ 5,481

14. FACE VALUE REDEMPTIONS LIABILITY

	As at	
	April 1, 2023	December 31, 2022
Face Value redemptions liability	**$ 176,419**	$ 176,616
Precious metal recovery	**(60,536)**	(60,802)
Face Value redemptions liability, net	**115,883**	115,814
Less: Current portion	**(351)**	(343)
Non-current Face Value redemptions liability, net	**$ 115,532**	$ 115,471

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

	As at	
	April 1, 2023	December 31, 2022
Opening balance	**$ 115,814**	$ 121,906
Redemptions, net	**(133)**	(163)
Revaluation	**202**	(5,929)
Closing balance	**$ 115,883**	$ 115,814

As at April 1, 2023 the Corporation determined that it continues to be unable to reliably estimate the redemptions of Face Value coins.

The Face Value redemptions liability represents the expected cash outflows if all Face Value coins are redeemed, including the costs of redemptions offset by the precious metal content that will be reclaimed by the Corporation when the coins are redeemed. The precious metal recovery component of the liability is based on the market value of silver as at the end of each reporting period. The impact of the revaluation of the precious metal component of the liability was an increase of $0.2 million for the 13 weeks ended April 1, 2023 (13 weeks ended April 2, 2022 – decrease of $3.1 million). Based on the Face Value redemptions liability as at April 1, 2023, and assuming that all other variables remain constant, a hypothetical 10% appreciation in the market value of silver in Canadian dollars would increase profit for the year by $6.1 million (April 2, 2022 - $5.8 million). A hypothetical 10% weakening in the market value of silver in Canadian dollars would have the equal, but opposite effect.

The current portion of the Face Value redemptions liability is based on the redemptions for the last 12 months, as the Corporation determined that it continues to be unlikely that all outstanding Face Value coins will be redeemed in the next 12 months as Face Value coins are widely held and the redemption process takes time to complete.

The Corporation continues to monitor the redemption levels of Face Value coins to ensure requisite funding for future redemptions is maintained.

15. EMPLOYEE COMPENSATION AND BENEFITS

Pension benefits

Substantially all of the employees of the Corporation are covered by the Public Service Pension plan, a contributory defined benefit plan established through legislation and sponsored by the Government of Canada. The Corporation made total contributions of $2.7 million in the 13 weeks ended April 1, 2023 (13 weeks ended April 2, 2022 - $2.1 million).

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

See Note 18 in the audited consolidated financial statements for the year ended December 31, 2022 for details of the Corporation's pension and other post-employment benefit plans, including the sensitivity analysis of the impact of changes in the discount rate on the employee benefit liabilities.

16. REVENUE

16.1 Revenue by performance obligation

		13 weeks ended		
		April 1, 2023		April 2, 2022
Performance obligations satisfied at a point in time				
Sale of goods	**$**	**730,856**	$	814,584
Rendering of services		**13,452**		11,113
Total revenue recognized at a point in time	**$**	**744,308**	$	825,697
Performance obligations satisfied over time				
Sale of goods	**$**	**1,775**	$	16,546
Rendering of services		**23,609**		22,748
Total revenue recognized over time	**$**	**25,384**	$	39,294
Total revenue	**$**	**769,692**	$	864,991

Revenue from the sale of goods is presented net of cost of sales in cases where the Corporation is not the principal in the transaction ("Customer inventory deals"). The following is a reconciliation of the gross revenue from the sale of goods and the net revenue presented:

		13 weeks ended		
		April 1, 2023		April 2, 2022
Gross revenue from the sale of goods	**$**	**1,257,404**	$	1,308,335
Less: Customer inventory deals		**524,773**		(477,205)
Net revenue from the sale of goods	**$**	**732,631**	$	831,130

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

16.2 Disaggregation of Revenue

The following table shows revenue disaggregated by primary geographical region and program or business:

		13 weeks ended		
Primary Geographic Regions		**April 1, 2023**		April 2, 2022
North America	**$**	**657,655**	$	584,818
Europe, Middle East and Africa		**93,483**		271,166
Asia and Australia		**16,728**		8,675
Latin America and Caribbean		**1,826**		332
Total revenue	**$**	**769,692**	$	864,991

		13 weeks ended		
Program and Businesses		**April 1, 2023**		April 2, 2022
Canadian Circulation program	**$**	**19,546**	$	21,654
Foreign Circulation		**2,454**		17,949
Total Circulation		**22,000**		39,603
Bullion Products and Services		**710,437**		795,053
Numismatics		**37,255**		30,335
Total Precious Metals		**747,692**		825,388
Total revenue	**$**	**769,692**	$	864,991

For the 13 weeks ended April 1, 2023 two (13 weeks ended April 2, 2022 – two) customers each made up 10% or more of the Corporation’s revenue.

The revenue earned from significant customers was reported in the Precious Metals business for the 13 weeks ended April 1, 2023 and April 2, 2022, and in the primary geographic regions of North America for the 13 weeks ended April 1, 2023 (North America and Europe, Middle East and Africa - April 2, 2022).

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

16.3 Transaction price allocated to the remaining performance obligations

The following table includes revenue expected to be recognized in the future related to performance obligations that were unsatisfied, or partially unsatisfied, as at April 1, 2023:

	2023	**2024**	**2025**	**Total**
Total revenue	**$ 66,519**	**$ 62,375**	**$ 60,431**	**$ 189,325**

The Corporation has other contracts with terms longer than 12 months that include unsatisfied performance obligations that are dependent on volumes. These contracts, as well as any volume dependent components in other contracts, are excluded from the table above as the Corporation cannot reliably measure the unsatisfied performance obligations. Under these contracts, customers have the option to increase or decrease the volume over the terms of their respective contracts and therefore, the unsatisfied performance obligation, would be impacted by this decision.

17. DEPRECIATION AND AMORTIZATION EXPENSE

	13 weeks ended	
	April 1, 2023	April 2, 2022
Depreciation of property, plant and equipment	**$ 3,791**	$ 3,942
Amortization of intangible assets	**445**	506
Depreciation of right-of-use assets	**393**	261
Total depreciation and amortization expenses	**$ 4,629**	$ 4,709

Depreciation and amortization expense were allocated to the following expense categories:

	13 weeks ended	
	April 1, 2023	April 2, 2022
Cost of sales	**$ 3,031**	$ 3,053
Marketing and sales expenses	**419**	443
Administration expenses	**1,179**	1,213
Total depreciation and amortization expenses	**$ 4,629**	$ 4,709

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

18. EMPLOYEE COMPENSATION EXPENSES

	13 weeks ended	
	April 1, 2023	April 2, 2022
Included in cost of sales:		
Salaries and wages including short-term employee benefits	**$ 9,088**	$ 8,405
Pension costs	**1,169**	1,178
Other long-term employee and post-employment benefits	**651**	654
Termination benefits	**217**	-
Included in marketing and sales expenses:		
Salaries and wages including short-term employee benefits	**3,739**	3,579
Pension costs	**295**	306
Other long-term employee and post-employment benefits	**132**	114
Included in administration expenses:		
Salaries and wages including short-term employee benefits	**12,474**	11,333
Pension costs	**1,017**	853
Other long-term employee and post-employment benefits	**704**	506
Termination benefits	**15**	-
Total employee compensation and benefits expense	**$ 29,501**	$ 26,928

.

19. SCIENTIFIC RESEARCH AND EXPERIMENTAL DEVELOPMENT EXPENSES, NET

	13 weeks ended	
	April 1, 2023	April 2, 2022
Scientific research and experimental development expenses	**$ 1,640**	$ 1,075
Scientific research and experimental investment tax credit	**(170)**	(125)
Scientific research and experimental development expenses, net	**$ 1,470**	$ 950

The net expenses of scientific research and experimental development were allocated to the following expense categories:

	13 weeks ended	
	April 1, 2023	April 2, 2022
Cost of sales	**$ 458**	$ 435
Administration expenses	**1,011**	515
Scientific research and experimental development expenses, net	**$ 1,470**	$ 950

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

20. INCOME TAXES

	13 weeks ended	
	April 1, 2023	April 2, 2022
Current income tax expense	**$ 2,767**	$ 4,677
Deferred income tax expense	**1,420**	121
Income tax expense	**$ 4,187**	$ 4,798

The Corporation's effective income tax expense on profit before income tax differs from the amount that would be computed by applying the federal statutory income tax rate of 25% (2022 – 25%). The difference in the tax expense is due to temporary differences between accounting and taxable income.

21. SUPPLEMENTAL CASH FLOW INFORMATION

Adjustments to other (revenue) expenses, net, were comprised of the following:

	13 weeks ended	
	April 1, 2023	April 2, 2022
Expenses		
Employee benefits expenses	**$ 2,480**	$ 2,231
Employee benefits paid	**(2,652)**	(2,061)
Inventory write downs	**397**	9
Provisions	**60**	75
Loss on disposal of assets	**31**	334
Other non-cash expenses, net	**(117)**	(125)
Revenue		
Foreign circulation revenue	**(566)**	(3,055)
Bullion service revenue	**(1,987)**	(2,842)
Adjustments to other revenues, net	**$ (2,354)**	$ (5,434)

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

The net change in operating assets and liabilities shown in the condensed consolidated statement of cash flow was comprised of the following:

	13 weeks ended	
	April 1, 2023	April 2, 2022
Trade receivables, net and other receivables	**$ 27,123**	$ 18,938
Inventories	**(4,708)**	(3,481)
Prepaid expenses	**(799)**	547
Trade payables, other payables and accrued liabilities	**8,668**	5,157
Contract liabilities	**5,658**	5,653
Provisions	**(15)**	-
Net change in operating assets and liabilities	**$ 35,927**	$ 26,814

Interest received, net of interest paid was comprised of the following:

	13 weeks ended	
	April 1, 2023	April 2, 2022
Interest received	**$ 364**	$ 136
Interest paid	**(1)**	(16)
Interest received, net of interest paid	**$ 363**	$ 120

22. RELATED PARTY TRANSACTIONS

The Corporation is related in terms of common ownership to all Government of Canada owned entities. The Corporation enters into transactions with these entities in the normal course of business, under the same terms and conditions that apply to unrelated parties. In accordance with the disclosure exemption regarding “government related entities”, the Corporation is exempt from certain disclosure requirements of *IAS 24 – Related Party Disclosures* relating to its transactions and outstanding balances with:

- a government that has control, joint control or significant influence over the reporting entity; and
- another entity that is a related party because the same government has control, joint control or significant influence over both the reporting entity and the other entity.

Transactions with related parties that are considered to be individually or collectively significant, include transactions with the Government of Canada, and departments thereof and all federal Crown corporations.

The majority of transactions with the Government of Canada were with the Department of Finance related to the production, management and delivery of Canadian circulation coins which are governed by the terms outlined in the memorandum of understanding which is effective from January 1, 2022 to December 31, 2025.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

The transactions with Department of Finance were as follows:

	13 weeks ended	
	April 1, 2023	April 2, 2022
Revenue	**$ 18,401**	$ 20,830

	As at	
	April 1, 2023	December 31, 2022
Trade receivable (Note 6)	**$ 1,124**	$ 2,308
Contract liabilities (Note 8)	**$ 624**	$ -

During the 13 weeks ended April 1, 2023 and April 2, 2022, the majority of transactions with Crown corporations were for the sale of numismatic products.

23. COMMITMENTS, CONTINGENCIES AND GUARANTEES

23.1 Precious metal commitments

In order to facilitate the production of precious metal coins and manage the risks associated with changes in metal prices, the Corporation may enter into firm fixed-price purchase commitments, as well as precious metal leases and supply arrangements for precious metal bullion products. As at April 1, 2023, the Corporation had $29.2 million in outstanding firm fixed-price precious metal purchase commitments and firm commitments for precious metal bullion product supply arrangements (December 31, 2022 – $21.9 million).

At the end of the period, the Corporation had entered into precious metal leases as follows:

	As at	
Ounces	**April 1, 2023**	December 31, 2022
Gold	**480,971**	539,650
Silver	**16,356,157**	16,125,614
Platinum	**23,292**	22,442

The fees for these leases are based on the market value. The precious metal lease payments expensed for the 13 weeks ended April 1, 2023 were $4.3 million (April 2, 2022 - $3.6 million). The value of the metals under these leases is not reflected in the Corporation’s condensed consolidated financial statements as stated in note 3.2.5 of the audited consolidated financial statements for the year ended December 31, 2022.

(Unaudited) (In thousands of Canadian dollars, unless otherwise indicated)

23.2 Trade finance bonds and bank guarantees

The Corporation has various outstanding bank guarantees and trade finance bonds associated with the production of foreign circulation coin contracts. These were issued in the normal course of business. The guarantees and bonds are delivered under standby facilities available to the Corporation through various financial institutions. Performance guarantees have remaining terms of between twenty-four to thirty-one months depending on the applicable contract, while warranty guarantees have remaining terms of between one to sixteen months. Bid bonds have remaining terms of up to six months, depending on the length of the bid period for the applicable contract. The various contracts to which these guarantees or bid bonds apply generally have terms ranging from one to two years. Any potential payments that might become due under these commitments would relate to the Corporation's non-performance under the applicable contract. The Corporation does not anticipate any material payments will be required in the future. As at April 1, 2023, under the guarantees and bid bonds, the maximum potential amount of future payments is $16.4 million (December 31, 2022 - $15.4 million).

23.3 Other commitments and contingencies

As at April 1, 2023, the total estimated minimum remaining future commitments were as follows:

	2023	2024	2025	2026	2027	2028 and thereafter	Total
Other commitments	**$ 46,077**	**$ 9,804**	**$ 4,827**	**$ 2,818**	**$ 664**	**$ -**	**$ 64,190**
Base metal commitments	**9,128**	**-**	**-**	**-**	**-**	**-**	**9,128**
Capital commitments	**17,177**	**2,712**	**-**	**-**	**-**	**-**	**19,889**
Total	**$ 72,382**	**$ 12,516**	**$ 4,827**	**$ 2,818**	**$ 664**	**$ -**	**$ 93,207**

Other commitments include firm contracts with suppliers for goods and services, excluding precious metals commitments, as well as the non-lease components of leases of right-of-use assets.

Base metal commitments are firm fixed-price purchase commitments that are entered into in order to facilitate the production of circulation and non-circulation coins for Canada and other countries, and to manage the risks associated with changes in metal prices.

The Corporation committed to spend approximately $19.9 million as at April 1, 2023 (December 31, 2022 - $18.8 million) in 2023 and 2024 on capital projects.

In addition, there are various legal claims against the Corporation. Claims that are uncertain in terms of the outcome or potential outflow or that are not measurable are considered to be a contingency and are not recorded in the Corporation's condensed consolidated financial statements. A $0.7 million provision for potential legal obligations is included in other provisions (Note 13) as at April 1, 2023 (December 31, 2022 - $0.7 million). The amount and timing of the settlement of the provision is uncertain.

Other than the changes noted above, there have been no other material changes to the Corporation's commitments, contingencies and guarantees since December 31, 2022.
